This particular event provided me an insight on how other Councils conduct their shared services. This allows me to remain open-minded and look at other options that may benefit our community.

In light of the training you received, do you believe there are steps that the council may undertake to advance the Playford Community Vision 2043 and/or Council Strategic Plan? If so, what steps?

I think the Council Strategic Plan is in alignment to what was learnt/discussed in the LGA Conference. The main area of interest was shared services, and with our boundaries sharing alongside other Councils, it is important to maintain good working relationships for the interest of our community.
