

Joining the Playford Volunteer Team is easy - just follow the steps below.

Step 1 - Thinking about what's involved

Before you apply for a volunteer position, we ask that you consider the following questions:

- What is your motivation for volunteering - is it to learn new skills, make a difference in the community, meet new people or just have fun?
- What time do you have available and are you able to make a commitment?
- Are you prepared to undertake training necessary for the role?

Step 2 - Finding the right volunteer position

[Check if there is a vacancy](#) and consider if it matches your motivation.

If there is nothing available with Council, there are many other local opportunities offered through [Northern Volunteering](#) - phone 8250 1582 or browse online.

Step 3 - Contact us

Contact the Program Coordinator listed on the vacancy to make an appointment for an interview

Step 4 – Interview

- At the interview, your interest and suitability for the role/s you have selected are discussed and any questions you may have will be addressed

- Please take along some form of personal identification, ie, license, birth certificate
- Positions requiring police checks will need these to be undertaken and approved before you will be able to begin

If, for some reason, the position isn't right for you, we may look at alternative options for you, either within Council or with other organisations that we are familiar with.

Step 5 - Induction

If you're successful in gaining the volunteer position, the Program Coordinator will organise the following for you:

- Application form(s)
- Attendance at Volunteering in Playford Induction session
- On-the-job induction
- Name badge
- Any other requirements depending on the area you are volunteering such as training, uniforms and personal protective equipment.

When these steps are completed, you are an official member of the Playford Volunteer Team!
