

IMMUNISATION SCHOOL PROGRAM

As part of the [National Immunisation Program](#) we provide free vaccinations for Year Eight students for a range of diseases including:

- Diphtheria, Tetanus & Pertusis (Whooping Cough)
- Gardasil 9 (HPV)

As from 1 February 2019 we will also be providing free vaccinations for Year 10 and Year 11 students for the following disease. Schools will provide families with a consent form to be signed.

- Meningococcal B
- Meningococcal ACWY (Year 10)

For students who are absent on vaccination day, a letter will be sent to their parents or guardians to notify them of their child's absence. These students may then attend any of our regular clinics with their parents or guardians in order to receive the missed vaccination at no charge.

These services are provided by our trained immunisation staff at the following schools within the City of Playford:

- Adelaide North Special School
- Pinnacle College
- Craigmore High
- Playford International College (formerly Fremont Elizabeth City High School)
- Hope Christian College
- Kaurna Plains School
- Mark Oliphant College
- St Columba College
- Trinity College – Blakeview campus
- St. Patrick's Technical College
- Trinity College – Gawler River campus
- Garden College
- Blakes Crossing Christian College
- Playford College
- Northern Adelaide Senior College

Parents or guardians must sign and return the consent form, including providing their Medicare details, to the school to enable the student to be immunised on the day of the school visit
