

IMMUNISATION SCHOOL PROGRAM

As part of the [National Immunisation Program](#) we provide free vaccinations for Year Eight students for a range of diseases including:

Year 8 program

- Diphtheria, Tetanus & Pertusis (Whooping Cough)
- Gardasil 9 (HPV)

Year 10 program

- Meningococcal B
- Meningococcal ACWY (Year 10)

Schools will provide families with a consent form to be signed. For students who are absent on vaccination day, a letter will be sent to their parents or guardians to notify them of their child's absence. These students may then attend any of our regular clinics with their parents or guardians in order to receive the missed vaccination at no charge.

These services are provided by our trained immunisation staff at the following schools within the City of Playford:

- Adelaide North Special School
- Pinnacle College
- Craigmare High
- Playford International College
- Hope Christian College
- Kurna Plains School
- Mark Oliphant College
- Indie School
- St Columba College
- Trinity College – Blakeview campus
- Trinity College – Gawler River campus
- Garden College
- Blakes Crossing Christian College
- Playford College
- FAME

Parents or guardians must sign and return the consent form, including providing their Medicare details, to the school to enable the student to be immunised on the day of the school visit
