

NOTICE TO RESIDENTS

KERB RENEWAL WORKS – HANDLEY STREET, ELIZABETH VALE

The City of Playford is pleased to inform you that kerb maintenance works on will soon be undertaken on Handley Street, Elizabeth Vale as part of Council's Capital Works Program.

The works will involve the repair and replacement of sections of damaged kerbing and associated concrete infrastructure to maintain the safety and functionality of Council assets. Council has engaged **Parisi Paving** to undertake these works on its behalf.

When will work start?

Works are scheduled to commence on **20/07/26** and are expected to be completed by **31/07/26**, weather permitting. Please note that inclement weather or unforeseen site conditions may impact the construction program and result in delays.

How will this affect me?

During construction, temporary restrictions to vehicle access may apply, particularly while newly poured concrete is curing. Concrete generally requires approximately 24 hours before vehicle access can be reinstated.

Footpaths within the work area may also be temporarily closed; however, pedestrian access will be reinstated as soon as it is safe to do so.

Parisi Paving will contact directly affected residents prior to works commencing to discuss any vehicle access requirements and make suitable arrangements where possible. Every effort will be made to minimise inconvenience to residents throughout the construction period.

Council and the contractor will also coordinate with waste collection services to ensure bins remain accessible for collection on their normal collection days. Where required, construction crews will assist by relocating bins to an appropriate collection point and returning them following collection.

To assist with the safe and efficient completion of the works, residents are requested not to park vehicles adjacent to the kerb, on verges, or on footpaths within the work area during the construction period.

Traffic management measures, including temporary signage and reduced speed limits, will be in place to ensure the safety of workers, residents, pedestrians, and motorists.

Further Information

If you have any questions regarding the works, please contact the Parisi Paving representative listed below.

We apologise for any inconvenience these works may cause and thank you for your patience, understanding, and cooperation while these important works are undertaken.

Please refer to the reverse side of this notice for a map showing the works location.

Yours sincerely,

Jordan Whysall
Manager
